

### Our Aims:

The vision with the 'Sevens' is to run a competition that:

- Is fair and equitable,
- Allows Clubs of all sizes to compete and be competitive.
- Allows bowlers of all levels of ability to compete against bowlers of similar ability.
- Allows male and female bowlers to compete with and against each other in the same competition.
- Gives clubs the opportunity to play against different clubs from their District Pennant competition, while keeping travel to a maximum of one and a half hours where possible.
- Is conducted under the laws of the Sport of Bowls.

To support these aims, the competition is run as a home & away format, within divisions and sections where teams play each other, once on their home green and once on opponent's green. The Sevens is therefore conducted with six teams per section which takes ten weeks plus three weeks of finals.

### Sevens Success:

The steady uptake shows that it is a competition that is a proven success and valued by the Clubs.

2009: - 18 Teams, 12 Clubs.

**Division 6 Champions 2021 Manly**

**Division 5 Champions 2021 Tweed Heads**

**This allows for the participation in Q7s of over 1000 individuals each week!**

**The longevity of the Competition is Testament to its sound concept; and the effective marketing and management of the event over the years. It also represents over 30% of all Bowls Clubs in Queensland. Recognised as one of the most respected competitions in the Southeast corner, the Sevens represents excellent value for sponsors.**
